

# RECRUITING TIMETABLE

## Freshman-Sophomore Year Timetable

At this point, you should be getting your name out there to colleges you may be interested in, in the future. Send a letter of interest, along with your player profile, to college coaches and invite them to come watch you play. This is where playing on a U-18 team like **the Eclipse** may be an advantage. Coaches can see every grade level on our team. In the process of watching our upperclassmen, they can get an early look at you too.
